OF WORTH

PROVERBS 31:10-31

WOMEN'S CHURCH GROUP

INTRODUCTION

In today's society, women are constantly being subjected to expectations about beauty, careers, relationships and more.

It's hard to find and maintain self-worth when we live in fear of meeting societal standards of what it means to be a woman.

It can be hard especially as Christian women, as societal expectations are far from God's expectations of us.

In order to find our worth, we need to look deep within ourselves. Our value and worth come from God. The creation of a woman was the beginning of a woman's worth.

Genesis 2:22
